

We Rallied for RESPECT!

Tuesday, October 20, 2009

Our rally was a tremendous success! Thank you everyone who came out on October 17th! More than 800 people filled the auditorium—the crowd overflowed into the streets! Hundreds of our coworkers were joined by

Teamsters General President Jim Hoffa, Senator Chuck Schumer, Congressman Steve Israel and many Teamster members and other labor supporters from all across Long Island, including unionized bus company workers and more! We took a stand and made our voices heard and the support was overwhelming! Thank you to everyone for standing up for our rights as we form our union. Together, we will gain the respect and dignity on the job that we all deserve!
